

1 No sooner than 30 days after the EPA Notice of Availability of the Final HSW EIS, DOE will issue
2 one or more Record(s) of Decision. We will describe the substance of the decision, the alternatives
3 considered in reaching our decision, and the environmentally preferred alternative. We will also identify
4 and discuss any additional factors we used to make our decision and any mitigating actions we propose to
5 avoid or minimize adverse environmental consequences from the actions we decide to implement. If such
6 a document is required, we will prepare a Mitigation Action Plan to establish our specific mitigation
7 commitments.
8

9 Comments on this revised draft HSW EIS may be submitted in person at the public meetings or:
