

ESTIMATES OF PUBLIC UTILIZATION ON THE SWAMP AND TALATHA UNITS

Person-Days Utilized by Alternatives Per Year

Species Hunted	Alt. 1 <u>1/</u>		Alt. 2		Alt. 3		Alt. 4 <u>4/</u>	
	Swamp Unit	Talatha Unit	Swamp Unit	Talatha Unit	Swamp Unit	Talatha Unit	Swamp Unit	Talatha Unit
Deer & Hogs	425	-	200 <u>2/</u>	-	425	-	297	-
Fox & Gray Squirrels	300	-	-	-	300	-	120	-
Dove	-	225	-	-	-	-	-	-
Waterfowl	150	-	-	-	150	-	75	-
Turkey	50	-	-	-	50	-	-	-
Bobwhite	-	50	-	-	-	-	-	-
Rabbit	-	15	-	-	-	-	-	-
Fish	200	-	-	-	200	-	182	-
TOTALS:	1025	290	-	-	1025	-	674	0
Potential Value <u>3/</u> \$22,238		5,261	3,570	0	22,238	0	12,601	0
<u>NON CONSUMPTIVE-USE ESTIMATES</u>								
TOTALS:		200		0		0	0	0
Potential Value		\$1,150						

1/ Estimates provided by Mike Caudell of S.C.W.M.R.D.

2/ Controlled deer hunts only.

3/ Values based on values assigned for the Resource Planning Act (R.P.A.).

4/ Based on 20 user days. Turkey could be included by reducing user days for deer and hogs.

Consumptive use estimates were provided by the F.S. and the S.C.W.h.R.D. Values are based on R.P.A. figures for the Southern Region, USFS. Person days were converted to RVD's with no adjustments.

Non-consumptive use was estimated by F.S. officials. Values were based on R.P.A. figures for the Southern Region, USFS
