

## 11.0 Stakeholder Participants

Meetings with the industrial participant and internal subject matter experts were held on May 24, 2001 to discuss the final proposed project design and environmental issues. A visit to the proposed project site, which included walking the expected route for the underground pipeline was made on October 8<sup>th</sup>, 2001. A visit to two similar projects operated by the industrial participant near Cadiz, OH was made on October 25<sup>th</sup>, 2001. Personnel from NETL met with the nearby residents on December 6, 2001 to discuss concerns over noise first raised in an e-mail sent to DOE on August 23, 2001. A subsequent meeting with the Industrial Participant and NETL personnel was held on January 30, 2002 to discuss options for noise mitigation measures requested by DOE and proposed by Northwest Fuel.
