

7.0 Agencies Consulted

NNSA has determined that no consultation with the U.S. Fish and Wildlife Service is necessary regarding the potential effect of the Proposed Action on Federally protected threatened or endangered species or their critical habitat, as there would be no effect to these sensitive species or their critical habitat from the Proposed Action. In addition, no consultation with the State Historic Preservation Office is required. If any new cultural resource sites are identified during excavation or demolition activities, they would be evaluated and consultation would be undertaken as required.
