

7.0 Other Environmental Review Requirements

7.1 Endangered Species Act

The U.S. Fish and Wildlife Service has *indicated* the types of actions considered in this EIS would be unlikely to adversely impact any threatened or endangered species or critical habitat under the Endangered Species Act.

7.2 Clean Air Act

States have the primary responsibility to ensure that air quality within their jurisdictional borders is maintained at a level that meets the national ambient air quality standards. This is achieved by implementing source-specific State requirements.

As a minimum, DOE would need a Permit to Construct and a review pursuant to the National Emissions Standards for Hazardous Air Pollutants before beginning construction of any facility. If any facility must be permitted under the Prevention of Significant Deterioration program, Federal Land Managers of pristine (Class I) areas, including the *Wilderness Area of Craters of the Moon National Monument*, are provided an early opportunity to review a project for visibility concerns.

7.3 Floodplain/Wetlands Management

DOE has established procedures to ensure that the potential effects of its actions in a floodplain are evaluated, and that floodplain management goals and wetlands protection considerations are incorporated into its decision-making process in order to minimize the impacts of floods to the extent practicable. Because parts of INTEC might be in a flood-prone area, this concern is analyzed in this EIS. If DOE selects an alternative that would be implemented in a floodplain, DOE will follow the requirements for compliance with floodplain activities in accordance with Federal regulations.

DOE is also required to avoid any adverse impacts to wetlands whenever there is a practicable alternative. None of the alternatives evaluated in this EIS would affect wetlands.

As a part of the National Pollutant Discharge Elimination System program, the existing INTEC Stormwater Pollution Prevention Plan would have to be revised to reflect new construction activities.

8.0 Reading Rooms and Information Locations

The EIS is available for review at the following Reading Rooms and information locations.

Colorado

Rocky Flats Field Office
U.S. Department of Energy
Public Reading Room
 Front Range Community College Library
 3645 West 112th Avenue
 Westminster, Colorado 80030

Idaho

Boise INEEL Outreach Office
 800 Park Blvd. Suite 790
 Boise, Idaho 83712

Boise Public Library
 715 S. Capital Blvd.
 Boise, Idaho 83702

Boise State University
 Albertson Library
 1910 University Drive
 Boise, Idaho 83725

Shoshone-Bannock Library
 Bannock and Pima Drive
 Fort Hall, Idaho 83203

Idaho Falls Public Library
 457 Broadway
 Idaho Falls, Idaho 83402

Summary

Idaho Operations Office
U.S. Department of Energy
Public Reading Room
1776 Science Center Drive
Idaho Falls, Idaho 83415-2300

Lewis-Clark State College Library
500 8th Avenue
Lewiston, Idaho 83501-2698

University of Idaho Library
Rayburn Street
