Comment No. 1

Issue Code: 16

In accordance with Section 91 of the *Atomic Energy Act*, DOE carries out its mission (i.e., atomic weapons activities) consistent with the consent of and direction from the President and Congress. This consent and direction are contained in the Nuclear Weapons Stockpile Memorandum, which is updated annually. The issue of whether DOE should produce nuclear weapons is beyond the scope of the Y-12 SWEIS.

The dismantlement of nuclear weapons (see Section 2.2.1 of the SWEIS) is an ongoing activity at Y-12. It is one of the core stockpile management activities at Y-12 and would not change under any of the alternatives analyzed in the SWEIS.
