Dear Sirs:
As a tax paying concerned citizen, I deplore the news I hear of a 4 billion plant being built at Oak Ridge. We do NOT need it. Please desist. Many thousands of citizens do not agree with this decision. Thank you for reading this.

Comment No. 1

Issue Code: 16

Comment noted. In accordance with Section 91 of the *Atomic Energy Act*, DOE carries out its mission (i.e., atomic weapons activities) consistent with the consent of and direction from the President and Congress. This consent and direction are contained in the Nuclear Weapons Stockpile Memorandum, which is updated annually. The issue of whether DOE should produce nuclear weapons is beyond the scope of the Y-12 SWEIS.

The proposed action and alternatives analyzed in the Y-12 SWEIS deal with the continued operation of the assigned nuclear weapons stockpile management requirement of Y-12. There is no proposal to expand capabilities or to increase nuclear weapons production at Y-12.
