Comment No. 1

Issue Code: 16

A copy of the Draft SWEIS Summary was sent to the commentor.

There is no plan or proposal in the Y-12 SWEIS to build new nuclear weapons or to increase the size of the Nation's nuclear weapons arsenal. One of the purposes of the proposed action and alternative outlined in the Y-12 SWEIS is to vacate aged buildings at Y-12 and to construct specific new modern facilities to ensure that Y-12 continues to play an integral role in support of the Nation's nuclear defense. Modernization is seen as necessary in order to maximize the attainment of worker and public health and safety as well as efficiency and cost effectiveness. The rationale for construction of the proposed new facilities is discussed in Section 2.1.

The Final SWEIS will be available upon request by contacting Gary Hartman at (865) 576-0273 or by email (Y-12EIS@oro.doe.gov). It will also be available electronically on the Oak Ridge Operations (www.oro.doe.gov) and DOE NEPA (http://tis.eh.doe.gov/nepa/docs/docs.htm) websites.
