Issue Code: 16

Comment noted. DOE is not military nor is it involved in the military application of nuclear weapons. In accordance with Section 91 of the Atomic Energy Act, DOE carries out its mission (i.e., atomic weapons activities) consistent with the consent of and direction from the President and Congress, contained in the Nuclear Weapons Stockpile Memorandum, which is updated annually. The issue of whether DOE should produce nuclear weapons is beyond the scope of the Y-12 SWEIS.
