Comment No. 1

Issue Code: 16

Comment noted. There is no plan or proposal in the Y-12 SWEIS to build a new bomb plant. The proposed action and alternatives analyzed in the Y-12 SWEIS address the continued operation of the assigned nuclear weapons stockpile management requirement of Y-12. There is no proposal to expand capabilities or to increase nuclear weapons production at Y-12. While future arms reductions may change requirements for maintaining the weapons stockpile, DOE is responsible for meeting the current requirements set forth by the President and Congress in the Nuclear Weapons Stockpile Memorandum, which is updated annually. The issue of whether DOE should produce nuclear weapons is beyond the scope of the Y-12 SWEIS.
