Dear Gary Hartman,

February 18, 2001

Hello. I'd first like to thank you for taking the time to read this letter.

I am writing this letter to inform you that I am strongly opposed to the building of a new bomb plant. I believe this is unnecessary. Building another plant would greatly devastate our environment. Please take this in consideration.

Thanks,

Myriah Strivelli

Issue Code: 16

The proposed action and alternatives analyzed in the Y-12 SWEIS address the continued operation of the assigned nuclear weapons stockpile management requirement of Y-12. There is no proposal to expand capabilities or to increase nuclear weapons production at Y-12. While future arms control reductions may change requirements for maintaining the weapons stockpile, DOE is responsible for meeting the current requirements set forth by the President and Congress. The need for nuclear weapons and the issue of how many nuclear weapons the United States maintains in its nuclear arsenal are beyond the scope of the Y-12 SWEIS.
