Subject: Plans for Oak Ridge

Dear Sir or Madam,
I strongly oppose the plans for a new missile plant at Oak Ridge. As a
pledge to the future of our planet, we must reduce nuclear weapons, not
create more or new ones. The life of our planet is at stake. Sincerely,

Teresa Warnick

Comment No. 1

Issue Code: 16

Comment noted. The proposed action and alternatives analyzed in the Y-12 SWEIS address the continued operation of the assigned nuclear weapons stockpile management requirement of Y-12. There is no proposal to expand capabilities or increase nuclear weapons production at Y-12. In accordance with Section 91 of the *Atomic Energy Act*, DOE carries out its mission (i.e., atomic weapons activities) consistent with the consent of and direction from the President and Congress. This consent and direction are contained in the Nuclear Weapons Stockpile Memorandum, which is updated annually. The issue of whether DOE should produce nuclear weapons is beyond the scope of the Y-12 SWEIS.
