Subject: bomb plant

Please! We do not need a bomb plant! We already have a large stockpile of bombs, which I certainly hope we will never use. There are so many better uses for all that money to help humanity! Please do not even think about building a bomb plant!

Sincerely,
Marian Cooley

Comment No. 1

Issue Code: 16

Comment noted. While future arms control reductions may change requirements for maintaining the weapons stockpile, DOE is responsible for meeting the current requirements set forth by the President and Congress. There is no plan or proposal in the Y-12 SWEIS to build a new bomb plant or manufacture new nuclear weapons. The need for nuclear weapons and the issue of how many nuclear weapons the United States maintains as a nuclear deterrent are beyond the scope of the Y-12 SWEIS.
