To whom it may concern:

I am outraged to learn of plans to build a multi-million dollar 'bomb plant' near Oak Ridge, Tennessee. Such an expenditure is a crime against the citizens of this country, particularly children and the elderly, who do not have enough to eat or adequate health care.

Sincerely,

Mary Jane Cope

Comment noted. DOE is responsible for meeting the current requirements set forth by the President and Congress in the Nuclear Weapons Stockpile Memorandum, which is updated annually. The need for nuclear weapons and alternative uses of the Nation's funds are beyond the scope of the Y-12 SWEIS.
