DO NOT build that Y-12 bomb plant, or any other bomb plant!!! My generation
has seen enough of your insane bomb making to last me 10 lifetimes! Listen
to your conscience!! Find something to do with your God given talent to HELP
your fellow man, not WASTE HIM!! | 1/16
Love,
Hal Davis

Comment No. 1

Issue Code: 16

Comment noted. There are no plans or proposals in the Y-12 SWEIS to make more bombs or build a new bomb plant. While future arms control reductions may change requirements for maintaining weapons stockpile, DOE is responsible for meeting the current requirements set forth by the President and Congress. In accordance with Section 91 of the *Atomic Energy Act*, DOE carries out its mission (i.e., atomic weapons activities) consistent with the consent of and direction from the President and Congress. This consent and direction are contained in the Nuclear Weapons Stockpile Memorandum, which is updated annually. The issue of whether DOE should produce nuclear weapons is beyond the scope of the Y-12 SWEIS.
