RE: Y-12 EIS

The United States does not
need any more new
bomb plants.

We already have more
than we need. Do not
approve building anymore plants.
Sincerely

Issue Code: 16

There is no plan or proposal in the Y-12 SWEIS to build a new bomb plant. In accordance with Section 91 of the *Atomic Energy Act*, DOE carries out its mission (i.e., atomic weapons activities) consistent with the consent of and direction from the President and Congress. This consent and direction are contained in the Nuclear Weapons Stockpile Memorandum, which is updated annually. The issue of whether DOE should produce nuclear weapons is beyond the scope of the Y-12 SWEIS.
