

Chapter 5 Acronyms

AC	Alternating Current	EFH	Essential Fish Habitat
AET	Average Monthly Actual Evapotranspiration	EFSEC	Washington State Energy Facility Site Evaluation Council
AQRV	Air Quality Related Values	EIS	Environmental Impact Statement
ASC	Application for Site Certification	EMF	Electric and Magnetic Fields
ASIL	Acceptable Source Impact Level	EPA	U.S. Environmental Protection Agency
BA	Biological Assessment	ERC	Emission Reduction Credits
BACT	Best Available Control Technology	ESA	Endangered Species Act
BEF	Bonneville Environmental Foundation	FCRTS	Federal Columbia River Transmission System
b _{ext}	Light Extinction Coefficient	FEIS	Final Environmental Impact Statement
BLM	U.S. Bureau of Land Management	FERC	Federal Energy Regulatory Commission
BMAC	Blue Mountain Action Council	FLAG	Federal Land Managers' Air Quality Related Values Workgroup
BMP	Best Management Practice	FLMs	Federal Land Managers
Bonneville	Bonneville Power Administration	GE	General Electric
CEQ	Council on Environmental Quality	GHG	Greenhouse Gas
CERCLA	Comprehensive Environmental Response, Compensation and Liability Act	gpd	Gallons Per Day
cf/d	Cubic Feet Per Day	gpm	Gallons Per Minute
CFE	Counsel for the Environment	GTN	Gas Transmission-Northwest
CFR	Code of Federal Regulations	HAP	Hazardous Air Pollutants
cm	Centimeter	HDPE	High-Density Polyethylene
CO	Carbon Monoxide	HMU	Habitat Management Unit
Corps	U.S. Army Corps of Engineers	HPA	Hydraulic Project Approval
CRGNSA	Columbia River Gorge National Scenic Area	HRSG	Heat Recovery Steam Generator
CRPP	Cultural Resource Protection Program	IH	Heavy Industrial
CTED	Washington State Office of Trade & Economic Development	IMPROVE	Interagency Monitoring of Protected Visual Environments
CTSCREEN	Complex Terrain Screening Model	IPM	Integrated Pest Management
CTUIR	Confederated Tribes of the Umatilla Indian Reservation	ISCST3	Industrial Source Complex Short- Term Model
DAP	Deposition Analysis Threshold	kg/ha/mo	Kilogram per Hectare per Month
dBA	Decibel	km	Kilometer
DC	Direct Current	kV	Kilovolt
DEIS	Draft Environmental Impact Statement	LAER	Lowest Achievable Emission Rate
DOE	U.S. Department of Energy	LLC	Limited Liability Company
DW	Dangerous Waste	m	Meter
Ecology	Washington State Department of Ecology	MACT	Maximum Achievable Control Technology
		MCL	Maximum Contaminant Level

mg/L	Milligrams Per Liter	ROD	Record of Decision
mgd	Million Gallons per Day	SACTIP	Seasonal/Annual Cooling Tower Impact Program
Mm	Megameters	SCR	Selective Catalytic Reduction
MSL	Mean Sea Level	SEPA	State Environmental Policy Act
MW	Megawatts	SHPO	State Historic Preservation Officer
NAAQS	National Ambient Air Quality Standards	SIL	Significant Impact Levels
NEPA	National Environmental Policy Act	SO ₂	Sulfur Dioxide
NESHAP	National Emission Standards for Hazardous Air Pollutants	SO _x	Oxide of Sulfur
NMFS	National Marine Fisheries Service	SWPPP	Storm Water Pollution Prevention Plan
NOC	Notice of Construction	T-BACT	Toxics-Best Available Control Technology
NO _x	Oxide of Nitrogen	TDS	Total Dissolved Solids
NPDES	National Pollutant Discharge Elimination System	TES	Threatened Endangered Sensitive
NPS	National Park Service	TMDL	Total Maximum Daily Load
NRHP	National Register of Historic Places	USDA	U.S. Department of Agriculture
NSR	New Source Review	USFWS	U.S. Fish and Wildlife Service
NWPPC	Northwest Power Planning Council	VOC	Volatile Organic Compounds
NWR	National Wildlife Refuge	WAC	Washington Administrative Code
OAHP	Washington State Office of Archaeology and Historic Preservation	WDFW	Washington Department of Fish and Wildlife
PM	Particulate Matter	WDNR	Washington Department of Natural Resources
PMF	Probable Maximum Flood	WSCC	Western Systems Coordinating Council
ppm	Parts Per Million	WSDOT	Washington State Department of Transportation
ppmvd	Parts Per Million Volume Dry	WUTC	Washington Utilities and Transportation Commission
PSD	Prevention of Significant Deterioration		
PUD	Public Utility District		
RAS	Remedial Action Schemes		
RCW	Revised Code of Washington
