

Availability of Radiation Safety Policy and Guidance Documents: The Office of Worker Protection Policy and Programs (EH-52) completed a project to update its website containing radiation safety policy and guidance documents. Available on the website are:

10 CFR 835, Occupational Radiation Protection

10 CFR 835 Implementation Guides

DOE Technical Standards on Radiation Safety

10 CFR 835 Exemption Request Responses

Radiation Safety Technical Position Papers

DOE Developed Recommended Radiation Safety Training Material

The material may be found on the DOE radiation safety website at:
<http://www.eh.doe.gov/radiation/>
